

LINE ART CHARMANT – 10th anniversary Press release April 2020

10 years of ultimate eyewear comfort by Line Art CHARMANT

CHARMANT Group is delighted to celebrate a very significant anniversary this year: 10 years since the launch of Line Art premier eyewear; an exquisitely beautiful collection inspired by music and featuring frames so light and so comfortable, they have to be worn to be believed. In accomplishing Line Art, Charmant exceeded its own superior quality standards and reached new heights in technical innovation and creativity.

Each aesthetically striking Line Art frame is inspired by the soaring harmony and enduring spirit of music. Lovely to behold, ornate Line Art temples and serene arrangements complement Line Art strength and performance excellence. These feminine eyewear wonders are first in class for style and functionality.

To commemorate the 10th anniversary of this milestone in eyewear creation, Charmant releases two new Line Art styles that take the jubilee's "comfort in bloom" theme and work it into the frame lines in airy floral deliveries. A material mix of Excellence Titan and Beta Titanium enhance lightness and flexibility and shape the intricate filigree ornamentation.

XL2150 Vivace

This special anniversary Line Art edition is the perfect showcase for Charmant's high-tech expertise and unmatched design talent. The feminine front is a smooth meeting of nylor and thin titanium wire that runs along the top and inside of the rims. Exceedingly light to touch, the frame sits smoothly and securely, promising all-day comfort. The stand-out feature of this beauty is the laser-cut temple decoration in a filigree botanical expression embraced by Excellence Titan bands.

XL2153 Vivace

To commemorate the $10^{\rm th}$ anniversary of the revolutionary Line Art eyewear collection, Charmant releases this stunning and elegant Vivace model. Rim tops and temples immediately catch the eye with their pretty, laser-cut floral motif. Line Art lightness is visually expressed in this airy composition with slender end pieces and bridge connecting frame parts. This exceedingly feminine

look is strong in spirit: superior titanium materials lend unmatched flexibility, comfort and durability.
