

CHARMANT TITANIUM PERFECTION

Purest quality in timeless style

For lovers of sophisticated, premium eyewear, CHARMANT Titanium Perfection is the glasses collection of choice. Made of superior titanium materials, each frame offers light, flexible comfort, a great fit and enduring stability in clean, timeless styles with a bespoke quality.

New Models :

The latest CHARMANT Titanium Perfection frames upgrade every look. New women's models are a jewellery-like confection of graceful frame lines and ornamental temples in noble tones of rose gold with grey or blue, earthy hues and bright feminine variations of pink, red and violet. High-tech art and modern design inspire men's glasses in 3D structures and angular lines. The colours are a new interpretation of the classics: calm dark grey, classic black, elegant silver or blue and rich tortoise.

WEARER'S

BENEFITS

- Long-wearing comfort thanks to light, premium titanium and superior design
- Timelessly elegant looks for men and women
- Quality that's built to last: glasses that promise long-lasting wearing pleasure

Men's styles

Masculine designer looks
with 3D accents

Calm, confident men's glasses showcase high-tech art and design nuances in modern profiles through volume plays and textured temples. This soft, full-rimmed frame has a defined brow and creates a pleasant accent on any face shape especially in elegant tones of blue, brown, grey or black with contrasting temple tones (CH29731). For a more geometric ambiance, this nylon style makes an angular impression in blue, brown or shades of grey, and reveals a refined colour interplay between the temple and the front (CH29732).

Vintage meets modern in full rims and structured temples

Sophisticated full-rimmed profiles, striking temple constructions and flattering colours distinguish these modern vintage men's glasses, making them the perfect accessory for private and business occasions. This handsome crown panto style (CH29733) is elevated by fresh colour selections including demi amber, black, blue and Havana. For a new twist on retro, this polygonal frame (CH29734) looks classy in black tortoise, blue, brown or grey. These premium eyewear styles come with a structured temple featuring three parallel lines that enhance the edgy design approach.

Women's styles

Open temples and accentuated eyes

Emphasise elegance and femininity in a generous panto (CH29830) or soft square shape (CH29831). Very stylish, both glasses are designed to enhance the eyes and face through contemporary profiles and unique open temples. Warm and earthy colours, including burgundy, green, and neutrals such as beige or grey, underscore the rich mood of these frames.

Ornamental temples for a bejewelled vibe

These chic glasses are the only accessory you need. Featuring striking curling temples in two tones, eyes are accentuated by a second rim colour on this square profile (CH29832) or a coloured brow on this cat eye frame (CH29833). Luxurious colours set these beautiful styles apart: rose gold or gold with accents of blue, grey, pink or red (CH29832), bright pink, red or violet with contrasting temples or a fresh take on grey (CH29833).
