

**CHARMANT TITANIUM PERFECTION
PRESS RELEASE – JANUARY 2023**

CHARMANT TITANIUM PERFECTION: the first choice for strength, style and comfort

For passionate glasses wearers who insist on the very best, CHARMANT Titanium Perfection is the premium eyewear of choice. Enduring and elegant, and with a sophisticated design aesthetic, these eyeglasses are a testament to the exceptional quality of their titanium make-up and the high-tech engineering proficiency applied in the creation of each remarkable frame.

New collection models embrace the clean style and technically advanced character of the brand. Thin lines are crafted into modern geometric and curved rimless, semi-rimless and full-rimmed expressions. Temples are stylishly creative and intricately detailed with interior design, architectural and classic jewellery inspirations. Enticing colour selections finish each look, with vivid and tasteful, on-trend and classic shading on men's and women's frames.

Consumer Benefits of CHARMANT Titanium Glasses

- Long-wearing comfort thanks to light, premium titanium and superior design
- Timelessly elegant looks for men and women
- Quality that's built to last: glasses that promise long-lasting wearing pleasure

Women

CH29834 / CH29835

Modern love: arched temple definition with clean parallel lines

Subtle flourishes enhance the premium simplicity of these modern women's frames. The architecturally inspired end pieces feature an arched form with eye-catching parallel lines. The hexagonal look in beige or gold (CH29834) delights with pink, grey, blue or green rim accents. For a softer impression that elevates the face, this metal-toned contoured model (CH29835) with blue, beige, black or red accents makes a charming accessory.

CH29836 / CH29837 / CH29838

Playful femininity: jewellery-inspired temples and vibrant shading

Take the elegant simplicity of a high-quality titanium frame and marry it with a jewellery-inspired, interlinking temple for a chic and feminine eyewear look.

A large, on-trend pantos model (CH29836) wears rich metallic tones with blue, black, pink or grey temple effects. Match your energy with the dynamic vibe of this unique square-shaped nylon style (CH29837). These glasses deliver lightness and drama all at once: the spare front contrasts beautifully with vivid red, rose, pink and cool blue tones and striking colour interplays on temples. This rimless frame leaves only the faintest impression on the face (CH29833). Silver, gold, beige and red tones are picked up on the bridge and ornate ringed temple. Selected models feature two-toned temples.

Men
CH29735 / CH29736

Modest, relaxed eyeglasses with design-led temple formations

These attractive men's frames are crafted from superior titanium, ensuring first-class wearing comfort and durability. Inspired by modern interiors, elegant colour contrasts highlight the complex design-led temple and end-piece structure, which features an understated cut out.

This popular rectangular model (CH29735) looks naturally handsome on most men's faces and is available in timeless black, grey and rich dark brown. For a gentle statement, this soft squared look (CH29736) lifts the mood in black, grey and navy.

CH29737 / CH29738 / CH29739

Dynamic hinges and temples showcase design and technical dexterity

The technical dexterity and design mastery applied in the creation of CHARMANT Titanium Perfection eyewear never fails to amaze. These new men's styles have that high-tech X factor in spades thanks to the unique look and construction of their hinge areas and temples.

This milling model (CH29737), in masculine blue, black, grey or khaki, has firm contours that make a bold impression. Here, the very modern temples feature a diagonally designed hinge area that adds a dynamic note to the calm frame vibe. For a lighter look, these semi-rimless eyeglasses (CH29738) leaves a charming accent in navy, black, blue and khaki. A geometric colour flash embellishes the diagonal hinge area and temple. For a more edgy style, this men's model seamlessly unites a spare, rimless front with high-tech floating temples and rich two-tone colouring (CH29739). Sophisticated shades of gold, black, blue and grey complete this premium men's frame.
