About ESPRIT:

Inspired by an unconditionally positive attitude to life, Esprit was founded by Susie and Doug Tompkins in California in 1968. Influenced by the revolutionary spirit of the 60s, the brand developed a clear philosophy: authenticity instead of unnatural perfectionism, solidarity instead of exclusion and colorful joie de vivre instead of the daily gray grind. Esprit's guiding principle became "We want to make you feel good to look good." Since day one, Esprit has not only stood for high-quality, casual essentials and carefully selected trend pieces, but also for responsibility. For Esprit, it is all about sustainability, equality and freedom of choice. In 1992, long before "eco fashion" became trendy, Esprit launched the first "ecollection" made of 100 % organic cotton and for the "Real People Campaign" in the 1980s, the fashion company with Californian roots chose employees instead of models.

Esprit – Feel good, look good. Every day.
